

Limited edition prints are created using the Giclee' process, this offers unrivalled reproduction using the best available computer technology. I use a local supplier with many years of experience.

They are then printed to a specified size on specialised paper that retains the original textures and effects.

Originals are painted on canvas to requested size, supplied unframed, framing service available on request. As a rule of thumb an original 12x16 in will cost about £190. Larger paintings say 20 x 30 ins start at £300. You can Always ask for a quote.

Oil paintings to commission.

Paintings created from photographs (please email me a selection)

Quotations on request, payment on completion.

Ian Calder Arts

The media of oil paint creates to me, an unrivalled palette of mood and texture which faithfully records a subject.

Having started out painting pet portraits, I have extended my portfolio to include wildlife, particularly Gorillas, I only have to look into their expressive eyes and watch the way they treat each other and it makes me want to do anything I can to help their future.

So, a percentage of the selling price is donated to www.gorillas.org.

Limited signed edition prints of my own work are available. A selection of these are included in this brochure and I am always painting new ones! Prints can be produced from postcard size to poster size.

Originals are supplied on canvas, to an agreed size and you will buy the original. No prints are taken unless you request them. I only keep a photograph for my portfolio and brochures. The painting is supplied unframed although I can offer a framing service through a professional, local framing service.

Contact me for a no obligation quote. You could email me a photo of what you would like painting and I can truthfully tell you whether it can be done. This is included in the price.

Price List Limited, signed editions

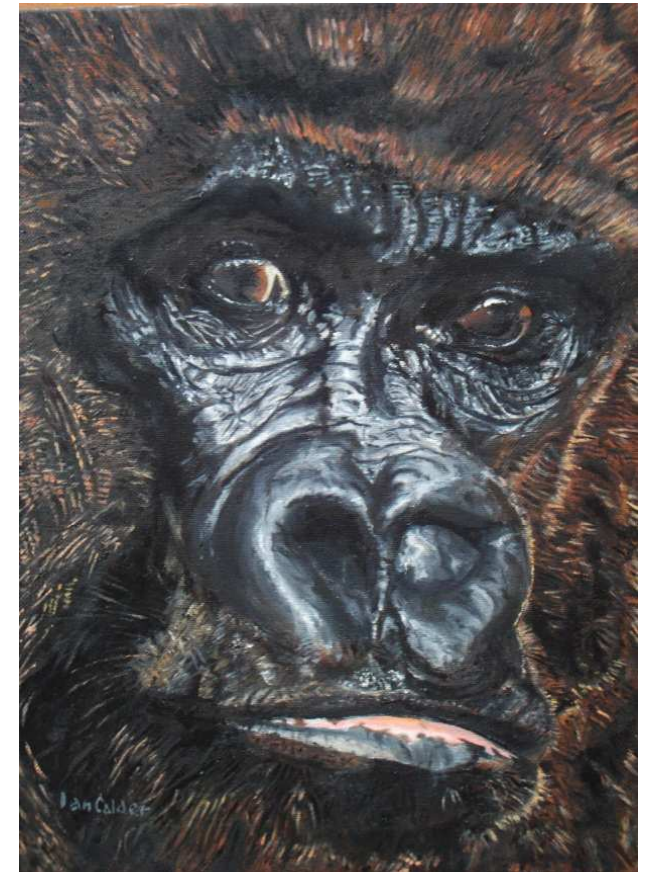

30 cms x 40cms (12 ins x16ins approx) unframed

£98.00

Limited edition prints can be produced from postcard size to poster size with no noticeable loss of quality. Prices depend on numbers and quotes supplied on request.
